

The aim of this table is to highlight how Geofiles Series 28 [<http://www.nelsonthornes.com/wps/portal/geofile-home>] could be very useful and helpful for the teaching of IB Geography.

No.	Geofile Title	Very Useful	Helpful
597	GLOBAL WARMING: HOPES AND IMPERATIVES	Patterns and Change: Patterns in environmental quality and sustainability.	
598	ECO-TOURISM CASE STUDY - COSTA RICA	Leisure, sport and tourism: Leisure at the nations/regional scale: tourism	
599	THE ENERGY MIXES OF CHINA, BRAZIL AND FRANCE		Patterns and Change: Patterns in resource consumption
600	SEA LEVEL CHANGE: CAUSES AND COASTAL LANDFORMS		Oceans and their coastal margins: Coastal margins
601	RENEWABLE ENERGY: SOLAR POWER		Patterns and Change: Patterns in resource consumption
602	RESPONSES TO HAZARDS	Hazards and disasters: Adjustments and responses to hazards and disasters	
603	REGIONAL HEALTH AND MORBIDITY VARIATIONS IN THE UNITED KINGDOM	The geography of food and health: Health	Patterns and Change: Populations in transition
604	HIGH TECH DEVELOPMENT IN THE ARCTIC - A DME		Patterns and Change: Patterns in resource consumption

No.	Geofile Title	Very Useful	Helpful
605	THE IMPACT OF THE 2008 BEIJING OLYMPICS	Leisure, sport and tourism: Leisure at the international scale: sport	
606	RESPONSES TO A CHALLENGING ENVIRONMENT: JORDAN'S BADIA REGION		Extreme environments: Challenging environments
607	CHANGES IN THE GLOBAL PATTERN OF TOURISM	Leisure, sport and tourism: Leisure at the international scale: tourism	
608	INCREASING MAGNITUDE & FREQUENCY OF NATURAL HAZARD IMPACTS - A DME		Hazards and disasters: Vulnerability
609	CASE STUDIES OF HOT DESERT ENVIRONMENTS: LAND USE & AGRICULTURE STRATEGIES — SUSTAINABLE OR NOT?		Extreme environments: Opportunities and challenges for management
610	OBESITY, UNDERNOURISHMENT & MALNUTRITION: CONTRASTS BETWEEN REGIONS AT EXTREMES OF DEVELOPMENT		The geography of food and health: Food The geography of food and health: Disease
611	SUSTAINABLE MANAGEMENT OF FRAGILE ENVIRONMENTS — A DME		Oceans and their coastal margins: Coral reefs and mangroves
612	RENEWABLE ENERGY: WIND POWER		Patterns and Change: Patterns in resource consumption

No.	Geofile Title	Very Useful	Helpful
613	AGEING POPULATIONS	Patterns and Change: Populations in transition	
614	ENERGY CONSERVATION METHODS		Patterns and Change: Patterns in resource consumption
615	CAUSES OF ARIDITY		Patterns and Changes: Patterns in environmental quality and sustainability
616	LIKELY IMPACTS OF CLIMATE CHANGE IN VULNERABLE REGIONS	Patterns and Change: Patterns in environmental quality and sustainability.	
617	GLOBALISATION OF SERVICES - CALLING INDIA		Global Interactions: Economic interactions and flows
618	AN ECOTOURISM CASE STUDY - ECUADOR	Leisure, sport and tourism: Leisure at the nations/regional scale: tourism	
619	REIMAGING SETTLEMENTS		Urban environments: The sustainable city
620	WATER SUPPLY CONFLICTS IN GAZA	Freshwater: Competing demands for water
