

# Activity Sheet 2.1

## Assessing the Options

Think about these points as you listen to the debate. Try to add some notes under each heading. You could do this as you listen, or at the end of the debate. They should help you think about the best solution for the community.

**Is redevelopment the best of all options?**

**How will the neighbourhood be affected:**

**By the new building / architecture? What will it look like? How big will it be? Will this affect others?**

**Economically?**

**Environmentally?**

**How will the lives of the local residents be affected?**

**Does the redevelopment provide more benefits than negative effects?**
