

The impact of the 2000 floods

Imagine you are a reporter for the *Evening Courier*. Your editor has asked you to write the front page of tomorrow's paper, outlining the impact of the 2000 floods. The editor has provided you with the page layout for the front page, together with two information sheets to help you. You can either produce your front page by drawing it on a sheet of A3 paper or by using a computer and desktop publishing software.
